

Yogesh Bhusara

Senior Product Designer | UI/UX

+91 7588730467 | yogesh.bhusara@outlook.com | www.yogeshbhusara.com

PROFESSIONAL SUMMARY

Senior Product Designer with 13+ years of experience designing enterprise SaaS products, collaboration platforms, mobile applications, and scalable design systems. Specialized in transforming complex workflows into intuitive user experiences through research, product strategy, interaction design, and system thinking. Experienced in partnering with product managers, engineering teams, and business stakeholders to deliver user-centered solutions. Currently focused on enterprise collaboration, employee experience, AI-powered workflows, design system evolution, and AI-assisted product development and prototyping.

CORE EXPERTISE

Product Design • UX Strategy • Enterprise UX • SaaS Platforms • Information Architecture • UX Research • User Flows • Interaction Design • Design Systems • Component Libraries • Design Tokens • Accessibility • Prototyping • Concept Validation • Design to Code Workflows • AI Assisted Design • AI Driven Prototyping
Tools: Figma • Cursor • Claude Design • Figma Make • Google Stitch • SwiftUI • HTML CSS • GitHub • Design Documentation

PROFESSIONAL EXPERIENCE

MangoApps | Senior UI UX Designer | Jan 2022 – Present

Enterprise intranet and employee experience platform for distributed teams.

- Lead end-to-end product design for enterprise SaaS applications across web and mobile, from discovery and research through wireframing, prototyping, visual design, developer handoff, and production.
- Design and enhance collaboration modules including Intranet, Chat, Newsfeed, LMS, Files, Forms, Trackers, Calendar, People Directory, Communities, and Knowledge Management.
- Partner with Product Managers, Engineering, QA, and stakeholders to translate complex business requirements into intuitive user experiences.
- Redesign legacy workflows and information architecture to simplify enterprise features and improve usability across the platform.
- Create low-fidelity wireframes, interactive prototypes, and high-fidelity UI designs in Figma while maintaining consistency with the product design system.
- Define and evolve reusable design components, patterns, and standards across product modules; work with engineering during implementation to review builds, resolve UX issues, and maintain production design quality.
- Collaborate on AI-powered product initiatives, including AI-assisted content generation, analytics dashboards, and workflow automation experiences.
- Design dashboards, reporting interfaces, role-based analytics, and administrative experiences; simplify navigation, hierarchy, and information presentation in data-heavy enterprise interfaces.
- Manage concurrent product initiatives and deliver designs within agile sprint cycles; conduct design reviews and usability audits across releases.

Tata Communications | User Experience Designer | Dec 2020 – Jan 2022

Internal and customer-facing enterprise digital products.

- Led UX design efforts from discovery through implementation for enterprise experiences.
- Created workflows, UI specifications, and interaction models for complex business processes.
- Collaborated with cross-functional teams to improve usability and adoption.
- Established design standards and usability guidelines across initiatives.

EARLIER PROFESSIONAL EXPERIENCE

MangoApps | Senior UI UX Designer | Sep 2015 – Dec 2020

Enterprise collaboration products across web and mobile platforms.

- Delivered product features from concept to launch and managed the end-to-end UX design process.
- Created wireframes, prototypes, and high-fidelity interfaces for enterprise collaboration products.
- Supported product branding and visual design consistency.
- Worked closely with development teams to support accurate implementation.

Appnocrat Technology Therapy Box | UI UX Designer | Jan 2015 – Aug 2015

Accessibility-focused mobile experiences.

- Designed applications for users with disabilities.
- Created educational and gamified mobile experiences for children.
- Worked on keyboard and communication-assistance products and collaborated directly with engineering teams during implementation.

Probity Venture | UI UX Designer | Sep 2012 – Dec 2014

- Worked across mobile, web, branding, and client projects as the sole designer responsible for strategy, UX, UI, and branding.
- Designed websites and mobile applications for multiple industries.
- Created wireframes, prototypes, visual designs, and marketing assets; iterated on designs to improve product engagement.

EDUCATION

Fr. Conceicao Rodrigues College of Engineering | Bachelor of Engineering (Information Technology) | 2012
